TARO TOKUDIA | TREK OFFICE MANAGER
We, as H. IKEUCHI Co., Ltd. are a Japanese company. We present dust control systems. Essentially, it is a system related to paint processes. Even though this was our first exhibition experience, we have attracted the attention of many customers. This was our purpose in the first place. This is why the exhibition has been effective for us. We are planning to attend next year’s exhibition as well.

ITM FİLTRELEME VE KONTROL MÜH. SAN. Tic. Ltd. Şti.
SÜLEYMAN GRIT | GENERAL MANAGER
This year’s exhibition is quite interesting and we see high quality visitors. In other words, there is not an idle crowd. Therefore, we are satisfied with the quality of the customers. Our colleagues are pleased with the requests and demands received. It seems that next year this exhibition will be more interesting for us. We should participate in it. The exhibition area is at a well-known place; it has been an enjoyable organization and we liked it. Next year, we are planning to become a part of this event.

Our company has participated in the PaintExpo Eurasia exhibition for the fourth time since 2011. The first exhibition was in 2011 and today we are making our fourth participation in 2017. It is being a professional industrial exhibition on paints, dyes and industrial dyeing facilities and being repeated every two years which makes it very important both for us and our professional customers as well as our visitors. We achieved what was needed in terms of communication and even in two days we welcomed more than 120 visitors. 960 of these people were professional senior managers or people related to paint facilities and interested in our company. We are very pleased in this sense. PaintExpo Eurasia being one of the leading brands in the sector, makes us pleased. Besides, the organizer’s professional marketing activities has been very effective as the exhibition has been announced properly prior to the event.

EMRAH ÖZDEMİR
CARLISLE FLUID TECHNOLOGIES
In this exhibition that we participated as a manufacturer company as Carlisle Fluid Technologies, it was very important for us to see the distributors, manufacturers and significant players of the industry meeting on a single platform. I hereby would like to thank Artkim in this respect for providing us with this platform. Since the beginning of this exhibition we have had the opportunity to come together with many players from the industry. We believe this will make great contributions to the development of the sector. I would like to thank the exhibition organization for all its contributions.

The exhibition is going well in general. Our purpose to participate in the exhibition is to come together with the people we work with and also to meet with new customers. I can say we reached our targets for both purposes. The last two days were quite busy. We had the opportunity to meet the companies we already have contact with in a warm environment and we also met new customers.

THOMAS BERTROW | SENIOR MANAGER
In my opinion, we had quite an efficient time during the exhibition. Our company provides services as a paint supplier for the automotive industry. We could access here other technologies and customers. At the same time, this is a very nice place to maintain new business relations and meet new people. We have established many new business relations. Thank you.

SAPİ SANDRAHLI UND ANLAGENBAU GMBH
GÜNTÜR KAVARI | TURKEY MIDDLE EAST MARKETING MANAGER
We have been continuing our business activities in Turkey nearly 15 years as a leading company in surface treatment technologies. We have been involved in PaintExpo Eurasia for the first time as a participant. We have established very good contacts, built very good relationships throughout Turkey. We are very pleased with the exhibition and we are satisfied to take place in the exhibition with a bigger and nice stand after 2 years. We are very satisfied with all the services provided. Our impression was completely positive. It was a nice and a pleasing experience.

BURUK ÜNLÜ | SALES REPRESENTATIVE
PaintExpo Eurasia is the only exhibition in Turkey related to our industry. We make efforts to participate in this exhibition organized once every two years. It was very beneficial for us in terms of gathering the sector and the customers together. We are planning to participate in the exhibition to be organized two years later. This is because our industry is developing and growing and we acquire new customers every day. Turkey is a country becoming globalized in terms of machinery. In this context, every year many demands and requests are received from foreign countries and in terms of finding and meeting with customers, PaintExpo Eurasia has many advantages for us. This exhibition is proceeding quite well considering the first two days. We hosted our customers. We obtained new contacts and customers. After the exhibition, we will perform our actions by visiting them one by one.

TÜBİA ŞİMŞEK | GENERAL MANAGER
As a supporter of Artkim I thank all of our team members for commencing these activities and for providing us with this environment. Our exhibition in the year 2015 was quite pleasing and productive. Likewise, we are proud and happy to reach our target audience during this period as well. It was very enjoyable for us to be by your side and our business partners. I hope that in the next exhibition, we will be together on similar platforms with bigger stands.
